An aerial photograph of a waterfront development at sunset. The scene features a mix of modern and historic architecture. On the left, a long, low building with a flat roof and large glass windows is visible. In the center, a courtyard area with paved walkways, small trees, and planters is shown. To the right, a large, multi-story brick building with a blue roof and several dormer windows stands out. A tall, narrow brick chimney is located near the center-right. In the background, a body of water is filled with numerous sailboats, and a city skyline is visible across the water under a warm, orange-hued sky.
